GEORGETOWN AND ITS AFFAIRS.

GRORGETOWN, December 4-12 m Forrest Hall was crowded again last night to hear the discussion upon the all-absorbing subject of Retrocession. The meeting was organized by appointing John Dickson, esq., chairman, and John Kidwell, esq., secretary. Wm. H. Tenney, esq., at the solicitation of the friends of the measure, delivered a speech of some length in favor of it, and recapitulated the many advantages that Georgetown would derive from the consummation of the measure.

Samuel McKenney, esq., was then conducted to the stand, and after stating to the audience that he had arrived at an age when he felt more disposed to seek the shades of quietude and retirement than to enter again the arena of politics, went on and reviewed the speeches of Messrs. Addison, Ould, and Tenney; and on the other hand showed the many disadvantages of Retrocession, and the many burdens that the citizens of Georgetown would have to shoulder if they went back to Maryland, which they would be exempt from in the District of Columbia. He also hastily reviewed the condition of Georgetown for the last fifty years, and cited a number of striking events in her history during that period, and concluded with some very sensible remarks in favor of annexation to Washington. The meeting then adjourned to meet again on next Wednesday night, at the same place and hour.

The Georgetown Debating Society meets or Friday night, at 7 o'clock, in the town schoolroom. Subject for discussion: Retrocession to Maryland, or annexation to Washington.

It is also reported that he had killed a child and several cows in the vicinity of West Hoboken, and was on Wednesday morning prowling about Bergen. GENTLEMEN: After a full and satisfactory trial of the medicine prepared by you, and very generally known as Dr. Hampton's Vegetable Tincture, which you recommended me to use as a relief for the debility and general mended me to use as a relief for the debility and general prostration of my system, the result of taking three bottles of this wonderful compound has, I am pleased te say, resulted in a restoration of strength, a keen appetite, and an activity of body which I have not enjoyed for a long time. So satisfied am I of the virtues of this medicine, that I have confidently recommended it to many of my friends and acquaintances, and am happy to learn that in a great majority of cases the most beneficial results have stamped the in/allibility of the Tincture. In my own case, I am satisfied that your advice to me to give it a trial has, under the blessing of a kind Providence, resulted in a restoration to health, for which I am truly thankful.

TRY IT and Be Cured.—Wonderful and Permanel Market Cure of Dyspepsia.

Market Cure of Dyspepsia.

Mesers. Martimer & Mowbray—Gentlemen: This is to certify that in the year 1843 I was attacked with a nervous affection, in consequence of Dyspepsia or Indigation, which continued some eighteen months, during which time my sufferings were intense, both of body and mind. I tried every thing I could think or hear of, (as there was much sympathy for me.) and at length all efforts failed to cure me. I became much weakened, and could walk but a very short distance at a time, and was often in the act of falling upon the pavement, (I would stop in some door or alley to prevent it.) in consequence of frequent palpitations; and, from what I could learn, I supposed I had disease of the heart, from frequent distressing pains about the same; as also my chest and abdomen—the latter being much distended. At this stage of my disorder I could neither eat, sleep or walk with any satisfaction to myself. Life seemed to be a burden to me. My feelings were gloomy beyond description.

I at length heard of Dr. Hampton's Vegetable Tincture, and made trial of it. I had but taken the first dose when I felt a change for the better, and hope immediately sprang up. I continued, with the use of this inculuable frincture, to improve daily, until I had taken the contents of there bottles, which, under Divine Providence, made a perfect cure of me.

I found I had an excellent appetite, and could partake of any food, which I could not do for years previously without the most distressing sensations. I now enjoy uninterrupted good health, and have done so for the last six years; and would say to all afflicted as I have been, to cast aside your prejudices, and try Hampton's Vegetable DURE IRISH WHISKY .- We have on hand one puncheon very superior old fourth-proof malt Whisky, imported in 1847, which we will sell on reasona-

six years; and would say to all afflicted as I have been, to cast aside your prejudices, and try Hampton's Vegetable Trinclure. Any intormation beside this but meagre description of my case will be given cheerfully for the bensit of the afflicted. Yours, WILLIAM O.D.DHAM, Custom-House; dwelling, Fayettest., near Fremont.

SUCH A MASS OF HOME TESTIMONY MUST CARRY CONVICTION TO EVERY MIND.

BALTIMORE, Sep. 18, 1851.

Messrs. Mortimer & Mowbray—Gentlemen: The cure of Mr. Robert Gauit, by the use of three bottles of Hampton's Vegetable Tincture, as per his certificate, is, I think, almost unprecedented. His case of extremely excruciating suffering, from Chronic Inflammatory likeumatism, came immediately under my own observation, through the last four years, which I considered entirely hopeless. Through my earnest peraussion, he was induced to try your invaluable Tincture. I was prompted to remark at the time, that if medicine would cure Mr. Gauit, it certainly would "remove mountains." The knowledge of this miraculous cure compels me to consider it a duty I owe to the afflicted (and particularly to those with complaints like his) to make generally known the healing power of this truly wonderful medicine. Yours, most respectfully,

JAMES P. MERRITT,

CIRCULAR. Washington, August 1, 1851. signed propose to establish agencies in this city and in New York, for the purpose of collecting full and authen-tic Railroad statistics and such other information as will enable them to serve persons desiring to invest in Rail-road securities, or to procure information of any matters connected with the construction and administration of Railroads. They also propose, served the

emable them to serve persons desiring to invest in Rallroad securities, or to procure information of any matters
commeted with the construction and administration of
Rallroads. They also propose, especially, to urge upon
Congress a modification of the laws relating to contracts
for carrying the mail, so as to authorize the Post Office
Department to contract for the perpetual use of Rallroads,
and, instead of paying, as now, quarterly on contracts for
four years, to advance in five per cent. bonds of the United
States, chargeable upon the revenues of the Post Office
Department, an amount, the interest upon which at 6 per
cent. would equal the payments now made.

The Government now pays \$300 per mile for carrying
the mail on first-class Raliroads. This is 6 per cent. on
\$5,000. The undersigned would urge that, instead of paying \$300 a mile, per annum, the Department should deliver, on a contract in perpetuity, five \$1,000 bonds,
bearing an interest of five per centum. At this rate the
charge upon the Department would be reduced from \$300
to \$250 a mile, per annum, and the \$50 a mile saved
would create a sinking fund, which will, in a few years,
pay off the bonds, and give the use of such roads forever
thereafter free of all charge; thereby effecting a vast
saving on the present annual expenditures of the Post
Office Department, and a consequent reduction of the
rates of postage.

The effect will be no less advantageous to Rallroad companies than to the Government. For instance, such a
contract would give to the Baltimore and Ohio Rallroad
Company more than \$2,000,000, which would enable that
company to complete its road at an early day, and greatly
increase its business and profits.

But to meet objections and impress the public mind
with a proper sense of the benefits to result from this
measure will require concert of action and continued
active effort, through the press and otherwise. The undersigned tender their services to your company, expecting a reasonable compensation, partly contingent upon
